Dennis Barton, MD, MBA, LLC/PSYCH

Private Practice/Adult Psychiatry and former Assistant Professor Psychiatry and Human Behavior, Emory University School of Medicine

Anne McSweeney, LCSW

President and Educational Director, CEU Creations – Ethical Standards Review

Pharmacotherapy, Ethics and New Treatments of Depression, Bipolar Disorders AND other Psychiatric Disorders

With depression being the largest cause of disability worldwide (WHO Global Burden of Disease 2010) and other psychiatric disorders such as bipolar leading to such debilitating affects on our clients – it is critical for clinicians to have a firm understanding of pharmacotherapies of these disorders and best-practices in terms of treatments and projected outcomes as well as the ethics surrounding these. In this engaging and cutting-edge presentation geared towards advanced practitioners, Dr. Michael Banov, MD and Medical Director of Northwest Behavioral Medicine and Research Center, and his counterpart, Dr. Dennis Barton, MD, Assistant Professor of Psychiatry and Human Behavior, Emory University School of Medicine/Emory Healthcare will be reviewing pharmacologic updates on Major Depressive Disorder – including overview of the treatment phases of depression, factors to consider when choosing an antidepressant, TRD, side effects of antidepressants and promising pharmacological strategies for TRD. Dr. Banov will discuss potential new medical treatment options in Bipolar Disorder – providing an overview of different medication used to treat bipolar disorder, pros and cons of combination therapy, and other treatment options such as treatment resistant bipolar disorder. Throughout our workshop, Dr. Banov will also be exploring common off-label uses for psychiatric meds and ethics that surround this and other aspects of treating the “harder-to-treat” psychiatric disorders. Don’t miss this day of learning which will provide you with a plethora of “hands-on” information on best practices in treating the more complex psychiatric patient.

Agenda:

8:30 – 8:30 am:	Registration and Networking
8:30-9:30 am	New Medication Treatment Options in Bipolar Disorder – Michael Banov, MD
9:30am-10:30 am	An Update on Pharmacologic Update on Major Depressive Disorder – Dennis Barton, MD
10:30-10:45 am	Break
10:45-11:45 am	Ethics and Off-Label Treatments – Michael Banov, MD
11:45am-12:30 pm	Lunch
12:30-2:45 pm	Update on Ketamine and Spravato Overview AND Effects of Ketamine Assisted Psychotherapy - Michael Banov, MD

By attending our workshop, you will be able to:

1. Have explored ethical principles surrounding off-label use of medications in treating psychiatric disorders.
2. Identify 3 possible side effects of antidepressants.
3. Name at least 2 promising pharmacological strategies for TRD.
4. State the available pharmacotherapies for bipolar depression.
5. Identify 3 possible strategies for treatment-resistant bipolar depression.
6. Identify the pertinent ethical considerations when using new treatments such as Ketamine when treating TRD.

SOCIAL WORKERS: Approved by the Georgia Society for Clinical Social Work for 3 Ethics Hours and 2 Core Hours. Approval #102019.

NURSES: 5 Contact Hours -CEU Creations is an approved provider of nursing CEs through the California Board of Registered Nursing. Provider number: CEP16563. All states retain their own licensing authority through their own boards. Please make sure to check with your own state board to ensure transferability of the CE credits.

LPC's: CEU Creations has been approved by NBCC as an Approved Continuing Education Provider, ACEP No. 6941. Programs that do not qualify for NBCC credit are clearly identified. CEU Creations is solely responsible for all aspects of the programs.

Cancellation Policy: Registrants must cancel through Steve McSweeney only via email or phone at steve@ceuc creationsinc.com or 404-421-6055 (contacting other staff members/leadership does not guarantee your cancellation.) No faxes or mail cancellations will be accepted. Cancellation Fee: \$25- Refunds will not be given for cancellations within five (5) business days prior to the workshop date.

For more information on the course, accommodations for disability, grievances, or any other concerns, please contact CEU Creations via Anne McSweeney at info@ceuc creationsinc.com or 404-421-6055.

Speaker Information:

Michael Banov, MD

Michael Banov MD, DFAPA, CPI

Dr. Banov is a triple board-certified Adult, Adolescent, and Addiction Psychiatrist and is the medical director of Psychatlanta/Northwest Behavioral Medicine and Northwest Behavioral Research Center. Northwest Behavioral Medicine is an outpatient behavioral health group practice providing comprehensive outpatient services to those suffering from a range of psychiatric problems. He is an assistant clinical professor at the Medical College of Georgia. He has been a certified clinical research investigator since 2002 by the Association of Clinical Research Professionals (ARCP).

He has been conducting clinical trials in psychiatric and other CNS disorders since 1994. He received his B.A. in Religion at Duke University and attended medical school at Emory School of Medicine. He completed an internship at University Hospital in Boston in Internal Medicine and completed his psychiatry residency at McLean Hospital, Harvard Medical School. He has conducted over 150 clinical research studies in all areas of psychiatry including depression, bipolar disorder, schizophrenia, Attention Deficit Disorder (ADHD), anxiety, post-Traumatic Stress Disorder (PTSD), sexual dysfunction, weight management, addiction, and smoking cessation to name a few. He continues to see patients on a daily basis which gives him a unique perspective in integrating research findings into real world practice. He has authored over 25 scientific papers in the area of psychiatry. His practice is a training ground for medical students, residents, and master level nursing students interested in learning more about the outpatient practice of psychiatry. He is actively involved in screening patients, rating, and assessing safety in each study conducted at his site.
