Overview of Elder Law/Advanced Care Planning "Jeopardy!" --

Test Your Knowledge

As healthcare providers, clinicians, and helping professionals we've all been a witness - whether at work or at home - of family members and loved ones experiencing a devastating diagnosis such as dementia, cancer or other debilitating illness. We've watched or experienced being the decision-maker for an ill parent or having to plan the long-term care of a loved one injured in an unforeseen accident. With the inevitability of death and dying, we all need to formulate a plan about our own care in the later stages of life. What are the essential components of an advanced care plan? What types of decisions and documentation will our loved ones require in order for them to honor our healthcare wishes? These critical questions encompass areas that elder law attorneys specialize and are able to assist. In this interactive presentation modeled after the beloved Jeopardy! Game, we will convey knowledge of advanced care planning and the eligibility guidelines for care programs, such as Medicaid and VA Aid and Attendance through a question/answer format. We will look at Advance Directives, Powers of Attorney and Advanced Care Planning in general. Expert presenters from Willis Elder Law will present this valuable information in a fun and innovative format to keep the participants engaged and help generate important conversations on this complex material.

Agenda:

9:45 am – 10:00 am:	Welcome & Virtual Networking
10:00 am – 11:00 am:	Presentation

By attending our workshop, you will be able to:

1. Summarize the importance of a well-documented advance care plan.
2. Identify the difference between a financial and healthcare Power of attorney.
3. Name 2 qualifications for the VA Aid and Attendance program.
