As our clients – and our own family members – age, the topic of Medicare becomes more and more relevant and important. How many times has a patient/client asked your advice on which Medicare plan to choose? Do you know where to direct your patient to get clear, concise answers to their questions? If you answered no, then you are in the majority. Most healthcare professionals are just as confused as their patients/clients because Medicare is a complex and always changing entity. In this extremely informative presentation, Keith A. Nabb, President of Affordable Medicare Solutions, will provide an overview of Medicare, Medicare Advantage plans, Medicare Supplement Plans, as well as Medicare Part D plans. This engaging presentation will answer all of your questions and concerns so you can better inform your clients so they can make educated decisions about their health coverage.
